## Detailed itinerary

### Day 1 Hong Kong-Aircraft-Tokyo

Fly to Tokyo. After arrival, with the assistance of the tour guide, pick up the car, and then drive to downtown Tokyo, check in at the hotel.

#### **Brief introduction:**

Tokyo, the capital of Japan, is the largest city in Asia and the second richest city in the world. Tokyo old name Edo, is Tokugawa Shogunate. In July 4 (September 1868), it was renamed Tokyo. On March 28, 1869, the Japanese capital was moved from Kyoto to Tokyo.

Stay: Tokyo

### Day 2 Tokyo-Fuji Circuit Lake Kawaguchi 140 km

After breakfast at the hotel, drive to the Fuji International Circuit for a track experience or track shooting (confirm details based on appointment). Then head to Lake Kawaguchi to view Mount Fuji. Stay in the hot spring hotel by the lake at night.

#### **Brief introduction:**

Fuji International Circuit for short "FSW", the track length of 4563 meters, a total of 16 corners. The longest straight in the track is 1475 meters, one of the longest straight in the world, is the excellent track to test vehicle acceleration performance; Fuji track has hosted a number of top Japanese and global events, is Japan Super GT, Asia Le Mans, WEC Japan and once F1 Japan venue.

One of the five Fuji lakes, it is the best place to see Mount Fuji. There are nostalgic buses for tourists by the lake, built art galleries and recuperation places, or the starting point of Mount Fuji, so tourists come in an endless stream. The lake has the only island in the five lakes, so you can enjoy the magnificent scenery from Lake Kawaguchi Bridge. From the north of the mouth of the river, the "reverse Fuji" (the reflection of Mount Fuji by the Lake Kawaguchi) is a symbol of the beauty of Japan.

Stay: Lake Kawaguchi

Day 3 Lake Kawaguchi -Nagoya 265km 190 km

After breakfast in the hotel, drive to Nagoya, visit the Toyota Museum, free shopping.

**Brief introduction:**

The Toyota Museum is a comprehensive exhibition hall, officially opened to the public in April 1989, displaying more than 120 brand cars from Japan and other countries, but also systematically introduced the history of automobiles through the automobile production line models of various periods.

Stay: Nagoya

Day 4 Nagoya-Suwa - Ikaho 338km

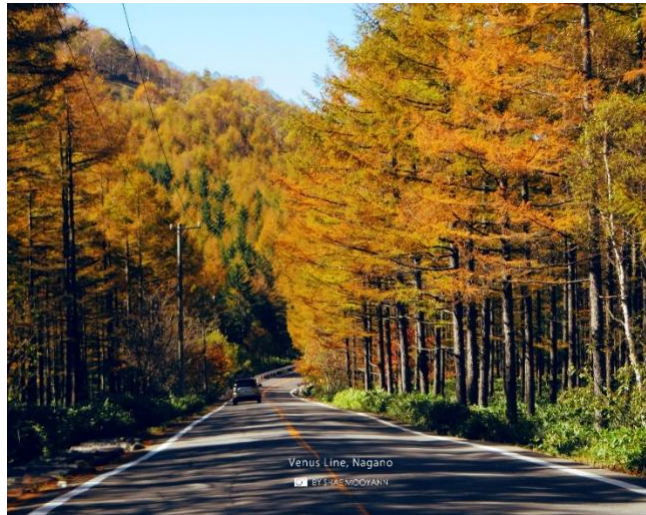

After breakfast in the hotel, experience ヒーナスライン (Venus Road) and ロマンチック Street (Romantic Street, Japan), and arrive at the famous hot spring resort in the evening.

**Brief introduction:**

ヒーナスライン(Venus Road) is known as the most beautiful road in Japan, along the

way the beautiful curves, elegant posture, exudes charming charm! Mount Fuji, North Alps, Central Alps, South Alps, eight mountains and other famous Japanese mountains, such as a quiet and lofty landscape painting.

Suwa IC (Maru) ヒーナスライン リゾート LAWSON (house outlook) Fuji リフト スカイライナー (cable car 2400 yen) Maihara Plateau)

ロマンチック Street (Japanese romantic street) integrates the cultural theme into the road tour, and the German Romantic Avenue, you can explore the beautiful scenery of central Japan. Driving in the quiet countryside, there are many hot springs and beautiful scenery that attract you along the way.

Close to the stone steps street, the hot spring hotel is next to the old feelings, the hot spring steamed bread, and "river deer bridge", the red bridge prototype, one of the three Japanese oolong noodles "water oolong face", everywhere is worth pondering attractions, and a total of 365 stone steps is the symbol of the hot spring.

Stay: Ikaho

Day 5 Ikaho -Tokyo 150km

After breakfast in the hotel, go to the Hazel Mountain Tour, visit the Hazel Lake, visit the Auto Humanoid Museum, and take a nap at D'garage coffee. Return to Tokyo in the afternoon and stay in the hotel.

**Brief introduction:**

Mount Haruna is a famous scene in the car drifting film Initial D for its thrilling and steep five-series bends.

Haruna Lake is located in the top of Hazel mountain, summer lake for a camping area, in addition to fishing can take the tour boat and swan pedal boat; in the winter frozen lake fishing, skating fun will make you can not stop!

A Japanese uncle opened the museum with his love and perseverance for these things. The museum is not only the largest private museum in Japan, but also selected as "100 professional travelers" for 12 consecutive years. The museum is huge and covers many interesting things, and is divided into five small museums: Toys and dolls Museum, Showa Wind Theme Park, Teddy Bear Museum ", Auto Car Museum and Showa Roman Museum.

Stay: Tokyo
